(1) λ

U

Figure 1 consists of several Feynman diagrams illustrating the production of a Z boson and a photon in the decay of a top quark. The diagrams are arranged in a grid-like fashion. The top row shows a top quark decaying into a Z boson and a photon. The middle row shows a top quark decaying into a Z boson and a photon, with a W boson loop. The bottom row shows a top quark decaying into a Z boson and a photon, with a top quark loop. The diagrams are labeled with various symbols and indices, such as t , Z , γ , W , and q .
